PSA **Fight the Flu Louisiana:** **Vaccination Message to Help Fight** **Novel H1N1 Flu**

Script:

During football season, our athletes protect themselves with helmets and pads.

During flu season...the best way to protect **your children** is with a flu vaccination.

The time to get your seasonal flu shot is NOW.

To be sure you stay healthy all season - get your H1N1vaccination as well.

Getting vaccinated is a snap.

And to fight the flu...it's the best defense.

For information, visit www.FightTheFluLA.com.

A message from the Louisiana Department of Health and Hospitals, and the Louisiana High School Athletic Association.
