If after applying the first criterion and the tie is not broken or if the two schools did not play each other during the season, or if there are more than two schools involved in a tie, the tie shall be broken by applying class play percentage (schools that were played in the individual school's classification). The school with the higher percentage shall be the higher seeded team.
 3. If after applying the second criterion and the tie is not broken, the school with the highest won-loss percent in district play shall be the higher seeded team.
 4. If after applying the third criterion and the tie is not broken, the school with the highest won-loss percentage in overall regular season play shall be the higher seeded team.
