				PRACTICE	11 & 12

All head to head matches in the jamboree are bowled under our normal "8" points system with a maximum of 16 points to be earned. The "Baker" bowling format is when you have five bowlers who can be arranged in any order as averages aren't use in this line-up like a regular match. The 1st bowler bowls the 1st & 6th frame, 2nd bowler bowls the 2nd & 7th frame, 3rd bowler bowls the 3rd and 8th frame, etc. At the completion of the jamboree all three teams will compare their first game of Baker scores and award "2" bonus points for a victory. Games 2 and 3 will be compared the same way for "2" bonus points and the highest total wins the jamboree.
